We are still waiting.</p> <p>Randy, Bill and Jay are proceeding with getting the right of way from the Eggers family. We will hold our second-Tuesday-of-the-month meeting on May 13. However, it is dependent on progress on right-of-way and may be canceled if no progress is made.</p>	<p>Follow up with Ram</p> <p>Meet with Bob Todd            Meet with Eggers and Town Officials            ASAP</p>	<p>Sandi</p> <p>Bill, Randy, Jay</p>
<b>Project Details discussion</b>	<p>Approaches to the Bridge were discussed with great detail in relation to abutment design criteria. Federal, local and state organizations requirements as well. Brian suggested we use stone that could be acquired locally and tied together as was done on Lange Station Bridge. Esthetics it was felt was a big plus for this material choice as no structural integrity would be compromised. Graham Pendlebury volunteered his services in separate conversations with Brian and Bill.</p>	<p>Email Graham a rendering of proposed abutments</p>	<p>Brian, Bill, Randy</p>
<b>NHDOT</b>	<p>Mr. Ram Maddali from NHDOT is coming to NB to talk to us on May 20 at 7:00 at the Town Hall. Please mark your calendars.</p>	<p>Attendance</p>	<p>All members</p>
<b>Recreation Dept.</b>	<p>Louise and Sandi represented the Foot Traffic Road Safety Committee at a meeting with Mike Sindoni from NB Rec. to plan a walk for WALK NH week, June 1-7. PWA and Conservation Commission are invited to join this effort. No cost, just some nice walks planned around town.</p>	<p>Advertise Walk NH and hikes.</p>	<p>Sandi, Louise</p>

<p><b>Traffic Safety Committee</b></p>	<p>The Police Chief is looking for someone from the FTRSC to join his Traffic Safety Committee. Sandi volunteered until someone insists they would like to serve. Any takers?</p>	<p>Volunteer(s) needed</p>	<p>Any member(s)</p>
<p><b>CSS project</b></p>	<p>The next NH DOT Context Sensitive Solution meeting is on May 21 at 7:00 in the town hall. The boring part is done (mission and vision statements). Now the fun begins. NH DOT is coming with a drawing/photo of our downtown and at least one overlay that contains a different configuration of downtown. We will also be discussing criteria for selection of no/low cost changes.</p>	<p>Attendance in numbers please LWC info</p>	<p>All members Sandi</p>
