FOOT TRAFFIC & ROAD SAFETY CMTE MEETING MINUTES

MEMBERS PRESENT: Bill Morrissey, Sandi Van Scoyoc, Candy Woodbury, Gordon Russell, Louise Robie, Linda Shea, Wendy Perron, Carol Eggers, Jim Eggers

TOPICS	DISCUSSION	ACTION
Welcome and Introductions	Sandi opened with congratulations to all for helping pass Warrant Article 20. Thanks to the voters too for support the project. They passed it 480-465. We had our cake and ate it too! Thank you Candy!	
Follow up to the vote	Wendy had someone come up to her after voting. He told her that he was going to vote no on the bridge, but after seeing what was on the ballot, he decided it was the only article for the people and voted, yes. It was decided the model made by the Arvin family had a big influence on people and the outcome of the vote.	
	Thank yous not yet sent included Mike Danzinger, Wayne Blassberg, Kim Borges, Woody!	Acknowledgement
Funding	\$21,000 in private donations to date. More expected. Donations for footpaths are always welcome and can be made out to the town of New Boston. Please take donations to a committee member or Town Hall.	
NHDOT	Ram Maddali's conversation with Sandi explained the next steps. Basically we need to acquire the municipal agreement from NHDOT, bring it before the Selectman for their approval and wait for the State's blessing to proceed with choosing an engineering firm. Sandi asked Ram many questions about procedures and "When can we go back to Governor's Advisory Committee on Intermodal Transportation for inflationary costs, if needed. Ram said, once the engineer is chosen.	Follow up with and NHDOT. Check on Letter Eggers.

Sidewalks/Crosswalks	<p>Ram will visit us once the notice to proceed is given by NHDOT.</p> <p>Algonquin Bridge Co. gave us a new estimate with an inflationary increase of 17% for a new total cost of the bridge itself as \$46,950.</p> <p>We discussed this as being one of our next major works to focus on.</p>
