

Request to appear before the Board of Selectmen

Unless the issue is an emergency, all requests need to be furnished to the Town Administrator no later than noon on the Thursday prior to the Board Meeting.

Name: Richard Perusse

Date: April 11, 2013

Phone Number: 487-5504 X 612

Email: r.perusse@newbostonnh.gov

ACTION DESIRED: Please specify what action you desire the Board of Selectmen to take as a result of your presentation. Please be as specific as possible.

Request Selectmen to approve the contract agreement as submitted by Hoyle Tanner for the Riverdale Road Bridge Project.

See Attached Correspondence from DOT and Hoyle Tanner.

PREVIOUS STEPS TAKEN: Please indicate any attempts that you have made to resolve this issue prior to asking to appear before the Board of Selectmen. If current procedures require that you place your request elsewhere prior to possible action by the Board of Selectmen, the Town Administrator shall inform you at the time you complete this form.

New Boston, NH 03070-0250

RE: NEW BOSTON, #22352
Riverdale Road over Mid Branch Piscataquog River – Br. #131/147
APPROVAL OF ENGINEERING STUDY

Dear Mr. Perusse:

The Department has reviewed the Engineering Study (ES) dated February 2013, (letter to me dated February 27, 2013) as prepared by Hoyle, Tanner & Associates, Inc. (HTA) and finds it to be satisfactory. Steve Liakos, Community Assistance Bridge Engineer, discussed minor issues with Jason Lodge, PE of HTA.

The following is pertinent:

- The choice of the proposed prestressed concrete NEXT beam superstructure alternative is supported.
- The length and layout of the proposed roadway is supported to alleviate existing deficiencies and provide for the needed proposed superelevation runoffs.
- The estimated construction item total is \$1,125,600 for the selected alternative. This amount reflects a reduction from the original ES as the contingency value was lowered from 15% to 5%. These "Engineers Estimate of Probable Construction Costs" supplements to the ES were received from Jason Lodge, PE of HTA on March 14, 2013, and supersede the estimates in the original ES in Appendix C.
- The ultimate construction cost is an increase from the Department's estimate and programmed cost of \$740,000.

The next step is for the Town and consultant to develop and negotiate a scope and fee for final design and bid phase services for this project. The scope and fee must be submitted to the Department for review and approval.

If there are any questions, please contact us.

Sincerely,

Nancy J. Mayville, PE

APPROVAL OF SCOPE AND FEE FINAL DESIGN

Dear Mr. Perusse:

The Department has reviewed the Scope of Work and Fee Proposal for Preliminary Design, Final Design and Bid Phase dated March 20, 2013, as prepared by Hoyle, Tanner & Associates, Inc. and finds them to be satisfactory.

Please note that the cost of this portion of Preliminary Engineering is \$110,594.00. When this is added to the previously approved \$69,142.00 for the Engineering Study, the total Preliminary Engineering is \$179,736.00.

The consultant may proceed with Preliminary Design.

If there are any questions, please contact us.

Sincerely,

Nancy J. Mayville, PE
