

The proposed Master Plan Vision Statement below was based on the input received from the 2015 Master Plan Survey. The Planning Board needs to hear from you again.

- When you read the statements below do you think they provide an overall vision that can guide the Town's decisions in the future?
- Is there something missing that you think important for your vision of New Boston's future?
- Do you like/dislike the format?
- Is there something you don't think should be included? Is there specific wording you would like to suggest instead?

Please let the Planning Board know what you think. You can attend the Board's meetings on June 23rd, July 28th or August 25th; you can email Nic Strong at n.strong@newbostonnh.gov; or you can call Nic at the Planning Department 487-2500 ext. 141. We look forward to speaking with you.

Proposed 2016 Master Plan Vision Statement

June 9, 2015

Our vision for New Boston is that our community will retain its rural character and quality of life.

Our guiding principles:

1. Preserve our history, heritage and culture while managing growth and development carefully.
2. Natural resources are important to maintain the rural character of New Boston.
3. Our town government will strive to provide increasingly efficient services, while maintaining our roads, buildings and facilities. Town Officials will work to keep our taxes low and yield a high return on our tax dollars.
4. Active participation in collaborative efforts by our residents and community based groups to guide development and help protect our resources and heritage.
5. New Boston is a place where our children thrive, older generations can stay and where people of all ages and backgrounds want to live, work and play.

New Boston is the town we will always remember, it is the place where we want to be - New Boston is OUR community.
