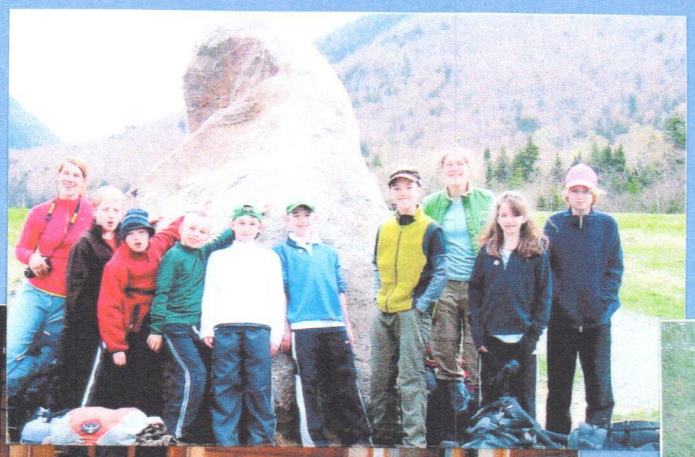
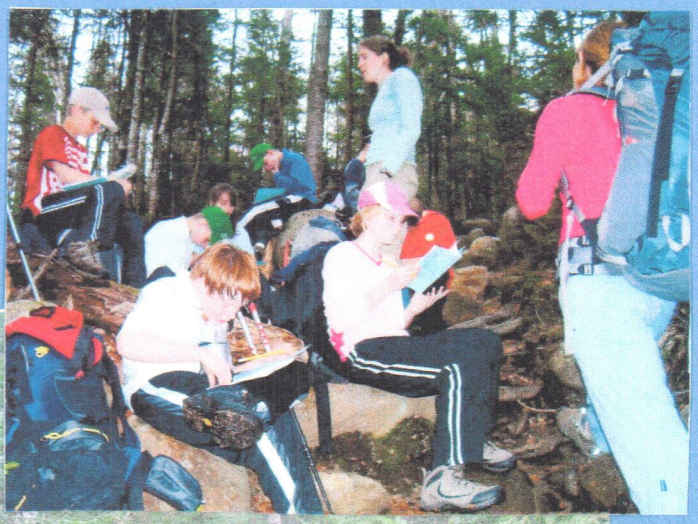
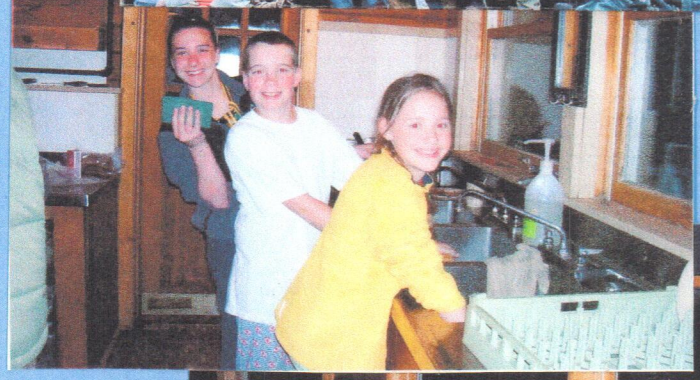
The Trail Maintenance Club Says...

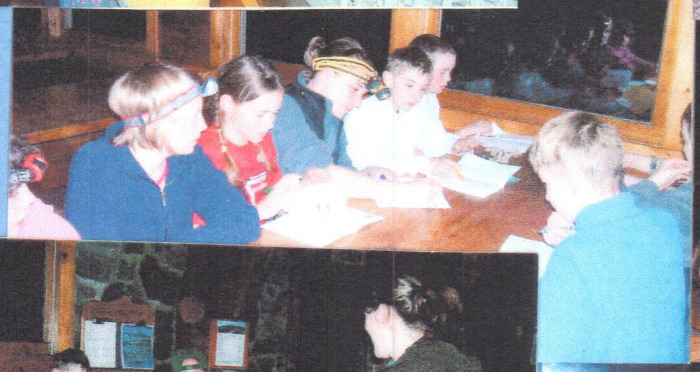
Thank You!

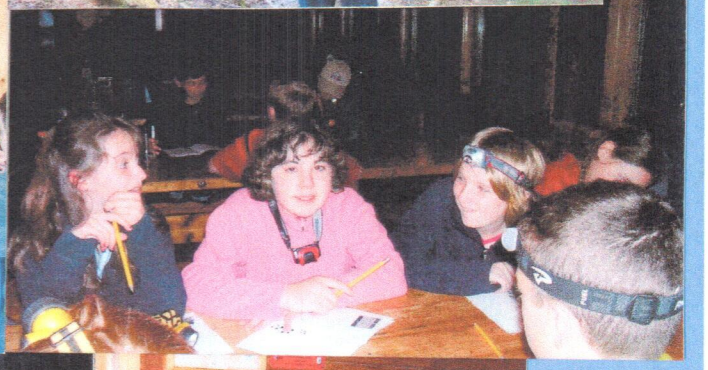
For Making This Wonderful Opportunity Possible!

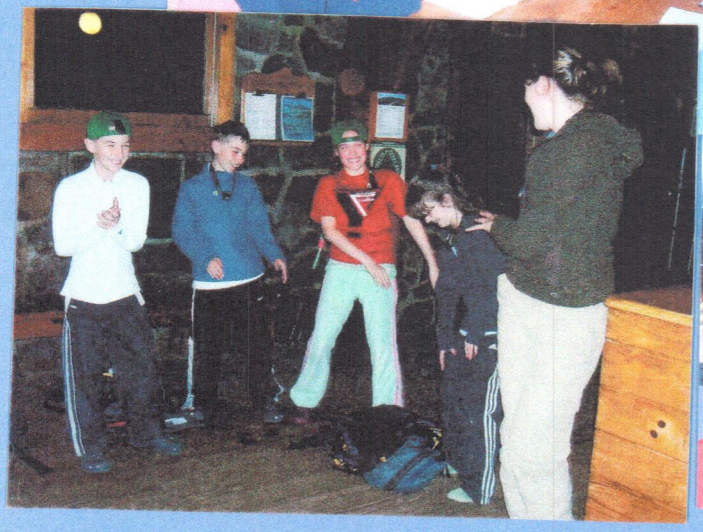


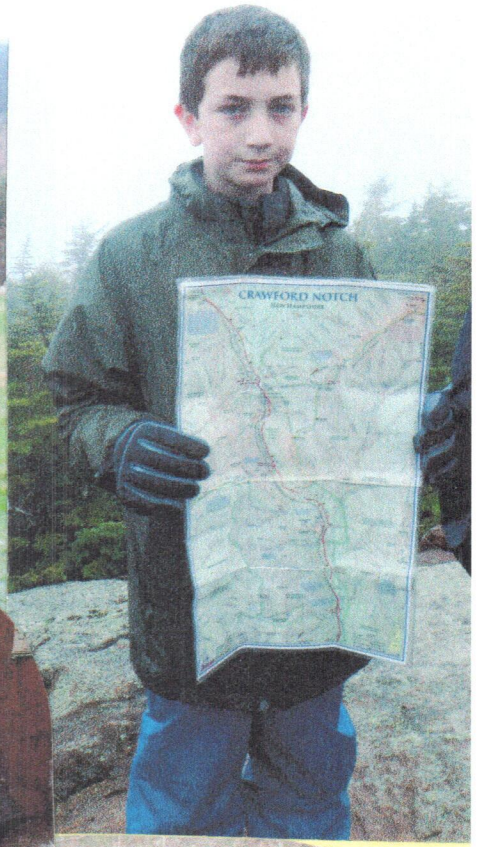




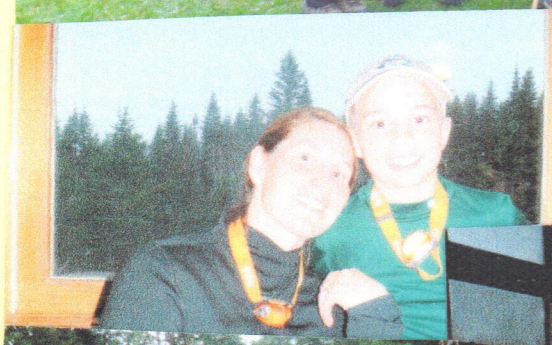


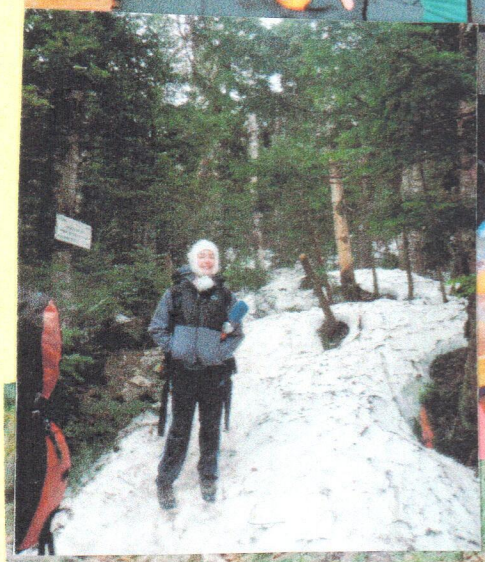


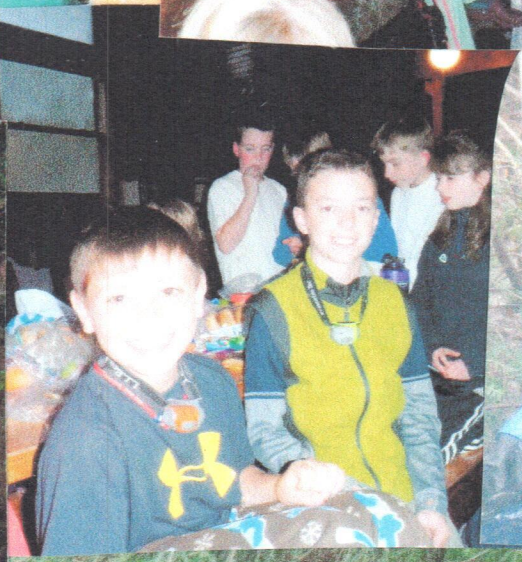


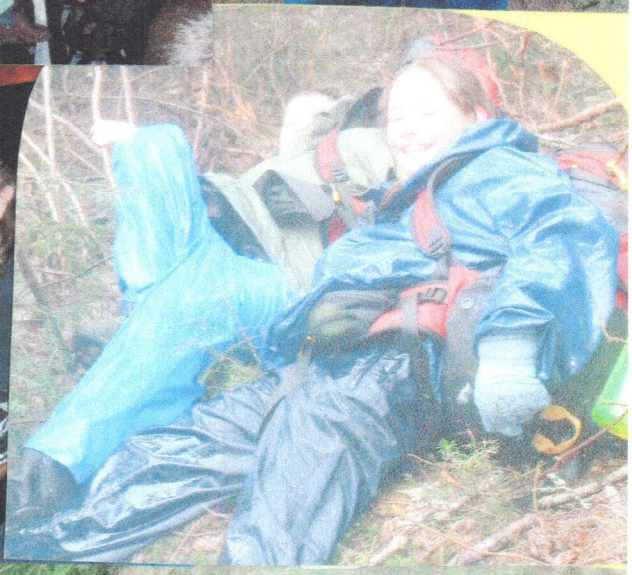


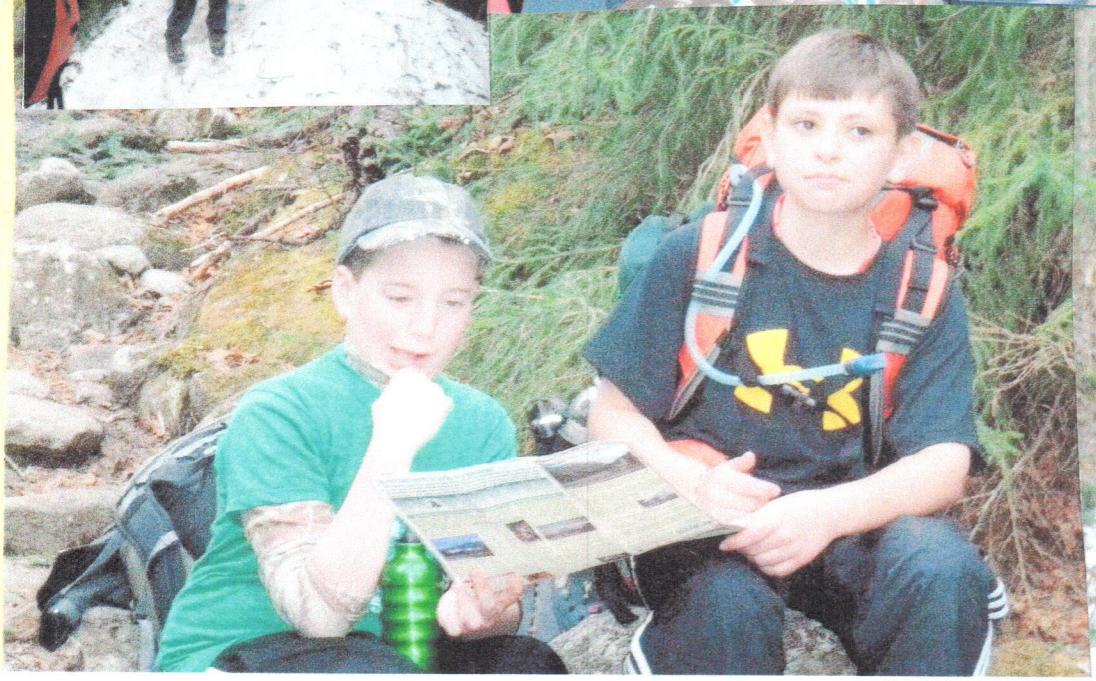
CRAWFORD NOTCH











I would like to thank you for making this wonderful hiking trip possible, it was an experience I will never forget. I had a fantastic time enjoying the outdoors and hiking the Crawford Path and Mt. Pierce and staying in the Mitzpah Hut. I also enjoyed the games we played and acting out the skits. I have always enjoyed going on day hikes, but after this trip I would like to try more overnight hikes. Thank you again for this opportunity.

Sincerely,
Adam Cote

Thank you for making this trip possible. My favorite part of trail maintenance was hiking to Mizpah Hut. I didn't expect for my backpack to be so heavy, but I still had a great time.

Sincerely,
Madeleine Delisle

Thank you for all that you did to make the trip we had possible I had so much fun hiking to the Mizpah hut and Mt. Pierce. along the way we came across what they call Gibbs Falls which was neat and whenever we tried to find the other group we would yell "Red Robin", and they would answer yum. So we had a lot of fun and you are to thank for it.

Thank you from Matthew Dodge

I think it was kind of cool being able to hike to Mitzpah because the whole school knows about it.

I also had lots of fun and every body else did too.

Thank you,
Ethan Judd

The trip to the Mizpah hut and the top of Mt. Pierce was awesome. It was my first time in a hut and I had a great first impression. The hike to the hut and the top of Mt. Pierce was so fun, thanks to our guides. We tried to solve their riddles the whole way up! Thank you Elisa and Ann! I also want to thank the Conservation Commision, Mr. Matthews and the AMC for making the trip possible. I learned about plants like the Hobble bush and Stiped Maple. I loved being in the outdoors.

Where's the MAP?
