Subject: RE: E. New Business, Item 7, July 18 Selectmen's Meeting Minutes

Peter,

This item documented the denial of the current use application for Roland & Nancy Cook, 478 Lyndeboro Road. Rodney came in to my office to follow up on the conversation we began about this situation in your office this morning. He said that if Robert Todd puts in writing that the application did not come from his office, that they (the Selectboard) will revisit their decision.

Per Jane at Mr. Todd's office, their office **did not** provide a copy on behalf of the customer to the Town of New Boston. The "copy" that was given to the Assessing Office, was the original letter and application that Mr. Todd provided to the Cook; the Cook's provided it to the Town, however forgot to sign it.

Mr. Todd will be sending an email to you shortly indicating this shortly.

I came down to talk to you, but you were busy, so I'm sending this email.

Thank you,

Ann

Subject: Roland and Nancy Cook Current Use Application

To Whom It May Concern:

On January 4, 2016, I wrote a letter to Roland and Nancy Cook asking that they review the Current Use Application that my office had prepared for them. I explained several aspects of the application for their edification and review. If their review found the application to be satisfactory I asked that they please sign in black ink where indicated on the application for submittal to the Town of New Boston. This letter was addressed to the Cooks and was mailed to the Cooks along with the application. I did not mail the aforementioned letter or the subject application to the Town of New Boston.
