

Event Packed August at New Boston Farmers Market

In addition to our unique vendors and musicians on the gazebo, the market has many exciting plans for August!

On August 6th and again on August 13th, [The Smoke Wagon BBQ](#) returns with their delicious Steak'n Cheese, Homemade Chicken Salad Subs, fresh cut fruit cups and French Fries (all of which received rave reviews last time!)

August 13th is the final day of **National Farmers Market Week** and we will be having guests from the **Central Mass Caricature Carvers Club** demonstrating their craft and displaying their work. Pete LeClair, current president of the CCA, [Caricature Carvers of America](#), will be one of those guests. Author of three carving books, Pete began teaching carving in 1978. Since then he has taught seminars not only throughout this country, but also in England and Australia. Several other club members will accompany Pete including the president elect of New England Wood Carvers, Scott Arsenaault, and two recipients of the NEWC Member of the Year Award, Edsel Johnson and Gary Filiault.

“Old Carvers Never Die, They Just Whittle Away!”

August 20th the market presents **[Children's Market Day](#)**. In addition to our usual vendors, there will be youth under the age of 18, eager to sell their original artwork, crafts, veggies, flowers, plants or other items they have grown or created themselves.

Also on **August 20th**, a representative from **[Solar Up Francestown/New Boston](#)** will be available to answer questions and provide information about this community-supported solar campaign that makes it easy for residents to go solar.
