

CAPITAL IMPROVEMENTS PROGRAM (CIP) REPORT

The main function or purpose of the CIP is to be an aid to the Selectmen and Finance Committee in their consideration of the annual budget. However, the CIP is also a valuable part of the community's planning process. The CIP links local infrastructure investments with master plan goals, land use ordinances, and economic development. In other words, the CIP bridges the gap between planning and spending, between the visions of the master plan and the fiscal realities of improving and expanding community facilities.

The following is the CIP Schedule and Budget - Table II, from the Plan of 2010. However, the CIP Committee would like to stress that the best and most complete source of information is to procure and review the entire Plan, as it is always available through the Planning Department, either for review or purchase.
