- 0
- 0 - 1000
- 1000 - 2000
- 2000 - 4000
- undifferentiated

Aquifer Transmissivity Data was automated by: Complex Systems Research Center, UNH from maps that were part of a larger study of groundwater resources in the State. The Study was conducted under a cooperative agreement between the US Geological Survey, Pembroke, NH and the NH Department of Environmental Services, Water Resources Division.

Parcel data was provided by the Town of Deerfield and created by Cartographic Associates, Inc. Parcel line were last updated in October 2007.
