

SELECTMEN'S MEETING

September 14, 1978

Present were Oliver Andrews and Roland Sallada.

Frank Mace and G. Fletcher Wason, members of the New Boston Legion Post, came in to settle the problem of the lights on the Town Common which are directed on the American Flags. There has been a dispute as to whether the Post or the Selectmen are to see that the lights are lighted and the flags in position. After much discussion, it has been decided that the Post will take care of this area and if any funds are involved, present the bill to the town.
