RE: Calcium Chloride Bids

March 13, 2013

Peter

We have received 3 bids for the purchase of this year's supply of calcium chloride.

Chemical Solutions, Inc. at \$9.95 per 50# bag

Schoenberg Salt and Chemical Co. at \$10.45 per 50# bag

AH Harris at \$9.95 per 50# bag

All prices are based on per trailer load which is 896 bags.

The Road Agents recommendation would be to purchase the materials from AH Harris. For the fact that they are local and we have an established account with them.

Respectfully Submitted

Richard Perusse
