

Wheelabrator Claremont List of Unacceptable Wastes

Materials not allowed/not accepted (Zero Tolerance)

Asbestos	Infectious Waste	Red Bag waste (untreated Medical Waste)
Biological waste	Mercury – any item/product containing any amount mercury	Septic Tank Waste
Cesspool or other human wastes		
Human remains	Pathological Wastes	Sludges
Hazardous Waste	PCB-containing devices/waste	Sewerage
Leaf & Yard Waste	Radioactive materials	Waste water treatment sludges

Unacceptable Materials

The items listed below are unacceptable due to source, quantity, or size of the material. Employees have been trained to recognize unacceptable materials.

Acids (pH \leq 2) ^{1,2}	Explosives/fireworks ²	Non-burnable construction material (concrete, brick, etc.) ²
Adhesives, sealants & epoxies (solvent based) ¹	Farm machinery/equipment	Oils (any kind) ¹
Aerosol spray cans ¹	Firearms ²	Oily waste (used sorbents, shop rags, drain pit sludges) ¹
Agricultural equipment ²	Flammables ^{1,2}	Paint (solvent based) ¹
Ammunition, ordinance ¹	Foundry sands ^{1,2}	Paint booth waste (filters, papers, paint dust, etc.) ¹
Animal remains ²	Fuels (gas, diesel, kerosene, etc.) ^{1,2}	PCBs/PCB containing items ¹
Antifreeze ¹	Fuel filters (used) ²	Pesticides ¹
Asbestos ²	Hazardous refuse ^{1,2}	Petroleum products ¹
Auto springs ²	Herbicides ¹	Parts washer ¹
Batteries (any kind)	Gasoline ¹	Photographic waste (developer, old film stock, etc.) ¹
Bulbs (any kind, including vacuum tubes) ²	Hazardous refuse ¹	Poisons ¹
Cable ²	Ink (solvent based) ¹	Sandblast waste ¹
Caustics (bases, pH \geq 12) ^{1,2}	Insecticides ¹	Solvents ¹
CFC's/CFC containing items ²	Laboratory chemicals ¹	Propane cylinders/canisters ²
Chemicals ^{1,2}	Lead (shields, wraps, wheel weights, solder waste, lead paint wastes) ¹	Stoves ²
Circuit boards ²	Liquid Waste ¹	Trailers ²
Cleaning fluids ^{1,2}	Machinery/equipment ²	Tree logs/stumps ²
Demolition debris ²	Marine vessels ²	White goods (stoves, etc.) ²
Drugs ²	Metal plating waste ¹	Wood (items > 6 ft. long or 1 ft. in diameter) ²
Drying machines ²	Motor vehicles/vehicle parts ²	

¹ Material is a possible hazardous waste unless allowed under the Household Hazardous Waste exclusion or the commercial/industrial generator determines that the waste is non-hazardous.

² Material has the potential to cause handling or operational problems, will not burn, will not burn completely, are individually regulated under other NHDES programs or are otherwise deemed unacceptable at the discretion of WCC management.
